

Gholamreza Gohari

Contact Information:

- ✉ **Email:** gohamreza.gohari@gmail.com
gohari.gh@maragheh.ac.ir
- ☎ **Phone:** +49 176 58995404
- 📍 **Current address:** Münsterstraße 27, 48249
Dülmen, Germany
- DoB:** 21/01/1983

<https://orcid.org/0000-0002-1625-5978>

<https://www.linkedin.com/in/gohamreza-gohari-100b81a6/>

Positions

- **Current position: Research R&D Scientist**
 - ✓ Scientist in Plant stress Physiology and Biochemistry, R&D, YARA International, Dulmen, Germany.
May 2024-Present.
- **Visiting Professor**
 - ✓ Department of Agricultural Sciences, Biotechnology and Food Science, Cyprus University of Technology, Limassol, Cyprus.
July 2022-May 2024.
- **Associate Professor**
 - ✓ Department Horticultural Science, Faculty of Agriculture, University of Maragheh, Maragheh, Iran.
January 2016- July 2024.

Work Experiences and Visiting Fellow:

- **Visiting Professor Fellow**
 - ✓ Department of Plant Physiology, Faculty of Biology, Adam Mickiewicz University in Poznań, Poland.
July 2023-September 2023
- **Visiting Professor Fellow**
 - ✓ Department of Biology, Chemistry and Pharmacy, Freie Universität Berlin, Germany.
October 2021-February 2022
- **Visiting Scientist Fellow**
 - ✓ Laboratory of Plant Ecological and Evolutionary Developmental Biology, Department of Bioresource and Environmental Sciences, Kyoto Sangyo University. Kyoto, Japan.
July 2018-October 2018
- **Visiting Research Fellow**
 - ✓ Department Plant Development and Hormone Action, Institute for Plant Molecular and Cell Biology (IBMCP), Valencia, Spain.
May 2014-February 2015

- **Head of Department**
 - ✓ Department of Medicinal and Aromatic Plant Production, Faculty of Agriculture, University of Maragheh, Maragheh, Iran.
- September 2017 - September 2019
- **Head of Professional Research Board**
 - ✓ Member of Research Board committee, University of Maragheh, Maragheh, Iran (2016-2019).
- **R&D Manager:**
 - Palizan Gol Company** (Tabriz, Iran)
 - ✓ Research and innovation-based company on greenhouse crops production and extension, Tabriz, Iran.
- January 2012 - July 2022
- **Scientific advisor:**
 - Pouyandegan Elm va Omid Ipak Company** (Maragheh, Iran)
 - ✓ Biostimulant and Bio-fertilizer production
- August 2017 - July 2022
- Sepeher Projheh Sabz Arazm Company** (Maragheh, Iran)
- ✓ Bio-fertilizer and Nano-fertilizer production
- January 2020- July 2022

Thesis Supervisor and Advisor:

- 2 Ph.D. student (Cyprus University of Technology, Limassol, Cyprus)
- 3 Ph.D. students (University of Mohaghegh Aradabili, Ardabil, Iran)
- 4 Ph.D. students (University of Zanjan, Zanjan, Iran)
- 1 Ph.D. student (Isfahan University of Technology, Isfahan, Isfahan, Iran)
- 15 M.Sc. students (University of Maragheh, Maragheh, Iran)
- 5 M.Sc. students (University of Tabriz, East Azerbaijan, Iran)
- 3 M.Sc. students (University of Zanjan, Zanjan, Iran)
- 5 M.Sc. students (University of Tabriz, East Azerbaijan, Iran)

Scientific Journal Editorial Board:

Associate Editor:

- Plant Stress (Elsevier)
- Scientia Horticulturae (Elsevier)
- Soil Use and Management (Wiley)
- Frontiers in Plant Science (Frontiers)

Editorial Board:

- Plant Physiology and Biochemistry (Elsevier)
- Folia Horticulture (Springer)
- BMC plant Biology (Springer)
- Journal of Vegetable Science (Persian)

Reviewer in Research Journals:

Education:

- **Doctor of Philosophy: Horticultural Sciences (2010-2015)**

Institute/University: University of Tabriz, Tabriz, Iran

- **Thesis Title:**

- ✓ The study of some biochemical and morphological aspect of floral induction and initiation in apple.

- **Master of science: Horticultural Sciences (2008-2010)**

Institute/University: University of Tabriz, Tabriz, Iran

- **Thesis Title:**

- ✓ Effect of topophysis and fruit existence on the differentiation of the primary bud in grapevine.

Bachelor of Science: Agricultural Sciences (2002-2008)

Institute/University: University of Tabriz, Tabriz, Iran

Research Interests and Skills:

Research Interests

- Regenerative and Sustainable Agriculture
- Plant Stress Physiology
- Climate Changes and Plant Resilience
- Biostimulator Product Development
- Seed Priming Technology
- Horticultural Crops Production
- Nanotechnology
- Bio-imaging
- Smart Delivery System for Biostimulants
- Plant Environmental Stress Physiology

Skills:

- Research Management
- Scientific Writing
- Academic Teaching
- Data Analysis
- Seed priming and coating
- Plant Biochemical and Physiological analysis
- Nano encapsulation of Active ingredients
- Fruit quality analysis
- Essential oil extraction
- Identifying essential oils content
- Bio-Imaging
- Epi-fluorescence microscope

Keynote Speaker in International Congress:

- International Conference on Plant Nanotechnology, October 2024, Poznań, Poland.
- 4nd Hungarian Polyamine Research Workshop, November 2024. Szeged, Hungary (Hungarian Society for Plant Biology Institute of Biology University of Szeged).
- 33rd International Materials Research Congress (IMRC2025), August, 2024. Cancún Center, Mexico.

Language Knowledge:

- English (Professional working proficiency)
- Turkish (Full Professional proficiency)
- Azerbayjani (Native)
- Persian (Native)
- German (A1)

Achievements:

- Listed in Stanford/Elsevier's Top 2% Scientist Rankings (2024).
- Top 3 Student in Master, Department of Horticulture, Faculty of Agriculture, University of Tabriz (2010).
- Top 3 Student in PhD, Department of Horticulture, Faculty of Agriculture, University of Tabriz (2014).
- Best Researcher in University, University of Maragheh (2021).

Collaboration in Projects:

EU Funded Projects:

- **EU-Horizon-RADIANT:**
WP8-T2.5: Bio fertilizers and bio stimulants for increased resilience and nutritional content
Ref: Prof. Vasileios Fotopoulos (vassilis.fotopoulos@cut.ac.cy)
Dr. Georgia Ntatsi (ntatsi@aia.gr)
- **EU-Horizon-PRIMESoft:**
WP3-T3.1: Application of priming agent on small fruits to increase fruit quality under abiotic stress condition
Ref: Prof. Vasileios Fotopoulos (vassilis.fotopoulos@cut.ac.cy)
Prof. George Manganaris (george.manganaris@cut.ac.cy)

Local Projects:

- **Japan:** New insight into the role of engineering nanoparticles in stomatal geometry, distribution, and photosynthesis
Prof. Seisuke Kimura: (seisuke@cc.kyoto-su.ac.jp)
- **Poland:** Application of Chitosan based nanocomposite on vegetable crops under abiotic stress
Prof. Andrzej Kalisz (andrzej.kalisz@urk.edu.pl)
- **Hungary:** Resilience of cold stress on Maize with Proline-Chitosan nanocomposite
Prof. Tibor Janda (janda.tibor@agrar.mta.hu)
- **Spain:** Effects of organic farming on broccoli cultivation in a Climate Change environment
Prof. M.Carmen Martinez Ballesta (mcarmen.ballesta@upct.es)
- **Spain:** Fruit coating with new chitosan based nanocomposite
Prof. Lluís Palou (palou_llu@gva.es)
- **India:** Development of Biodegradable Nano-formulation to control post-harvest losses in vegetable and fruit
Dr. Vinod Saharan (vinodsaharan@gmail.com)
- **Brazil:** New formulation of degradable Nano carrier for bio-stimulant encapsulation
Prof. Halley Caixeta (halleycaixeta@gmail.com)

Publication since 2021.

Congress & Conferences:

- Haghmadad Milani, M., Farajzadeh, M., Kabir, A. H. and Gohari, G. R. (16-18th February 2021) Downregulation of Zn-transporters along with Fe and redox imbalance causes growth and photosynthetic disturbance in Zn-deficient tomato. 21th National & 9th International Congress on Biology, Semnan University, Semnan, Iran.
- Navai, A., Hassanzadeh, M., Kabir, A. H. and Gohari, G. (16-18th February 2021). Genome-wide identification, characterization and expression profiles of heavy metal ATPase (HMA3) in plants. 21th National & 9th International Congress on Biology, Semnan University, Semnan, Iran.
- Safai, F., Gohari, G., Akbari, A., Rasouli, F. and Hassanpouraghdam, M. (22-24th August 2018). Evaluation of essential oil and volatile compounds of basil (*Ocimum basilicum*) exposed to multi-wall carbon nanotubes under salinity stress in hydroponic culture. . 20th National & 8th International Congress on Biology, University of Maragheh, Maragheh, Iran.
- Mohammadi, A., Safai, F., Mohammadi, F., Seyfi, M., Khani, Z., Amiri, S. and Gohari, G. (22-24th August 2018). Effect of the zinc oxide nanoparticle foliar application on some growth characteristic and defense mechanism of *Dracocephalum moldavica* L. to salinity stress in hydroponic culture. 20th National & 8th International Congress on Biology, University of Maragheh, Maragheh, Iran.
- Alavi, Z., Esfandiari, E., Gohari, G., Hajihoseinlou, S. and Panahirad, S. (22-24th August 2018). Effects of exogenous sodium nitroprusside and hydrogen peroxide foliar application on essential oil yield and content of Basil (*Ocimum basilicum* L.) under salt stress. 20th National & 8th International Congress on Biology, University of Maragheh, Maragheh, Iran.
- Mohammadi, A., Gohari, G. R., Adibrad, M. and Farajzadeh, M. (22-24th August 2018). Effect of IBA vitro rooting from microcuttings of the apple (*Malus domestica* Borkhcv. Gami Almasi) and carbohydrate. 20th National & 8th International Congress on Biology, University of Maragheh, Maragheh, Iran.
- Zahedi, S. R., Karimi, M., Gohari, G. R. and Rasouli, F. (16-17th August 2017). Some attributes of four commercial cultivars of strawberry fruits. 5th National & 1st International Conference on Organic vs. Conventional Agriculture, University of Mohaghegh Ardabil, Ardabil, Iran.
- Gohari, G.R. (December 31 2011 - January 02 2012). Bioterrorism and necessity of returning to ethics. Bioterrorism and necessity of returning to ethics. 2nd international congress of bioethics. Tehran, Iran.
